1. Présentation & Guide de Lecture

Ce document présente l'intégralité des **144 matchs officiels** de la phase de ligue de la Ligue des Champions UEFA 2026/27 (8 journées de 18 rencontres). Chaque club dispute 8 matchs (4 à domicile, 4 à l'extérieur) face à 2 adversaires de chaque chapeau.

Définitions des Métriques Affichées :

- **Score Médian ($M_H - M_A$)** : La médiane de la distribution des buts simulés pour chaque équipe sur 100 000 tirages Poisson. Il traduit le score pivot le plus représentatif.
- **Espérance de Buts (xG)** : Le nombre moyen de buts attendus ($\lambda_H - \lambda_A$) calculé selon les forces relatives et l'avantage du terrain (+0,25).
- **Probabilités 1 / N / 2** : Les probabilités en pourcentage de Victoire Domicile (1), Match Nul (N), et Victoire Extérieure (2).
- **Mise en Évidence Spéciale** : Conformément à votre demande, les équipes françaises (**Paris Saint-Germain, Lille OSC, RC Lens**) ainsi que le **FC Barcelone** sont mis en **gras**.

2. Focus : Calendrier & Scores Médians des Clubs Français et du FC Barcelone
